## POWERS SWEEPS ELEVENTH DISTRICT

Langley Carries the Tenth and that is all Kentucky has Saved

Hooper Breaks the Solid South and is Elected Governor of Tennessee: e

One of the most decisive victories ever won was that of Caleb Powers when he swept the Eleventh district by a majority of 9,016 over Mr. Bertram his Democratic opponent.

Four years ago Mr. Edwards' majority over Mr. Gatling was 6,916, thus it is seen that for an off year Powers made a winning fight, even with Edwards, his henchmen and the Echo fighting Mr. Powers.

The following is the unofficial vote by counties as we have received them:

County	Towers	Bertram
Adair	43	
Bell	500	
Clinton	501	
Clay	600	
Cumberland	400	
Casey	400	
Harlan	901	
Jackson	900	
Knox	792	
Lancaster	145	
Leslie	1000	
Letcher	350	
Monroe	650	
Owsley	680	
Pulaski	350	
Perry	450	
Russell	400	
Whitley	800	
Total	170	358

Powers' majority 9,016.

In the Tenth district Langley, Republican, won over Byrd by a majority of 2,157, but Beaman in the Ninth went down in defeat.

In the State of Tennessee Capt. Ben W. Hooper, Republican, was elected Governor over Bob Taylor by more than 11,000.

Judson Harmon, Democrat, was elected Governor of Ohio by about 60,000 over W. G. Harding Republican.

New York joined the Democratic rank, and the game rooster is crowing throughout the country.

The Democrats will control the next Congress by a decisive majority, but the Republicans will still retain control of the Senate.

The victory the Democrats are now reaping over will not benefit them much but on the other hand will cause the Republicans to get together for the great political battle in 1912.

We were not surprised at the result as the great prosperity that our people have been enjoying has caused them to become careless and it will take a few years of Democratic administration and free soup houses to bring them again to a sense of their duty.

leave in the same way, until they began to abuse him for going to sleep. The State's Attorney was a very warm friend of Frank's and told him that he would convey one of them for first degree murder, which meant death. The other three will get life sentences and from the facts that were brought out at the Coroners inquest, there can be no doubt but that they will all get their

The funeral was largely attended by both members of the St. Louis and East St. Louis Police Departments. Also the different railroads entering the two towns were well represented by members of the Railroad Association of Special Agents and Police of the Central States, of which he was a member. Many of his friends connected with the L. & N. were there. In fact, it was one of the largest funerals I ever attended.

The parties involved in this affair

were held to the Grand Jury on

\$10,000 bond and being unable to

give it, they were placed in the St. Clair County Jail, at Belleville, Ill.

I believe, Mr. Cole, that this is

about all that I can tell you about the matter. It was just simply a

case of cold-blooded murder and

trust that every one of them will get

their just dues in the next term of

court, and I am confident that they will.

Yours very truly  
R. F. Perry.

## THE FACTS

Concerning the Death of Frank Cecil in St. Louis

Forester Perry Writes R. W. Cole Giving Details of the Killing

Princeton, Ind., Oct. 30, 1910.  
Mr. Robt. W. Cole,  
Barbourville, Ky.

Dear Sir:

Your letter of Oct. 27th to hand and I will give you as near as I can the facts in the case where Frank was shot on Oct. 24th.

It seems that he had been out during the night of the 22nd and 23rd working on a case, and some time during the night of the 23rd he, in company with two of the East St. Louis detectives, caught the man they were after and taking him to the Police Station they put him through a series of sweatings. This lasted till Monday about noon. At this point it is said they were successful in getting several confessions out of the man in charge, and of course they all being worn out, started home, but before going very far Frank suggested that they get a dish of Chille. The other two men, not caring for it, Frank went into the place where he was shot, alone. From the evidence he ate two dishes of Chille and fell asleep. This of course was nothing more than natural, he having lost so much sleep in the two nights previous.

One of the men working in the piece made an attempt to wake Frank and it appears that the employee got rather rough with him

and of course Frank resented the treatment, but had started to leave the place when one of the owners came in and made inquiry as to what the trouble was about and of course the employees made an effort to lay all the blame on Frank. There it seems that they got into a very heated argument and one of the parties picked up a chair and hit Frank from behind, knocking him to the floor. When Frank started to feel he made an effort to get hold of his gun and the fact was proven that three of the men held him while another shot him four times in the back. They also swore that there was only four shots fired and claimed at the same time that Frank fired one of the shots. This of course is impossible. There were three shots directly in his back near the shoulder blade and a fourth shot in his right kidney. Therefore, it is plain to see that they simply took advantage of him and did all the shooting that was done. It was also shown that they shot him after they had taken his gun from him.

After he was shot and when a policeman came and a man by the name of Johnnie Myers, a friend of Frank, Frank was standing near one of the tables and pointed out to them the man that had shot him and told the officer who had held him while the other did the shooting. I am confident had they not kept nagging at him there would not have been anything to the dispute, but Frank was like any other man, he did not want to be mistreated by them.

At the Coroners' inquest it was shown that he had gone into the place in a peaceful manner and after being awakened, had started to

as we know to be of good.

This church wherever planted is a source of much good to a community. The ministerial work of Father Ambrose will

begin at once, consisting of services twice a month in this church.

May the sanctuary lamp burn day and night before the Taber-

good citizenship, and her chimes

call to the better instincts of

mankind.

## POWERS A WINNER.

The election has past and Powers has been elected to a seat in Congress in spite of all the abuse that could be heaped upon him. Never before in the history of Kentucky has any man ever achieved such a decided victory over such decided opposition as has Caleb Powers.

Arrested without cause and lodged in jail and kept there for more than eight years, Mr. Powers comes forth with the people still manifesting unshaken confidence in him, and after yielding to the wish of his many friends to become a candidate, the Edwards crowd who desired to keep him and themselves perpetually in office, began a tyrode of slander and abuse which lasted not only until the close of the Primary but continued until the polls were closed on election day, and even those who have hitherto posed as Republicans and have been honored by the Republican party, and some even drawing a pension from the Government, even went so far in their recitation as to vote for a Democrat against Mr. Powers.

It is good there were good loyal and true Republicans, men of honor and men of principle, to give him a handsome majority over all the opposition that could be trumped up or brought up against him, and in this as in every other conflict in which he has been engaged he came out more than conqueror and even now does not hold any malice in his heart against any who opposed him, but there will be a house cleaning and some of the boys will be looking for a new job.

If there be one better way than another to ruin a town, it is for those who live in it to go about apologizing for its existence. There are some who are always ready to say, by their actions at least, that this place don't amount to much. They will tell you that this is due; that no one would think of stopping here; that some adjacent town is more respectable, more enterprising, has better people, better investments, is ahead of us in everything. This is all wrong. Even if it be true, no one should ever admit it, when it comes to making a comparison. Every good citizen of this town, should take a special local pride in all that pertains to home. The schools, the churches, the amusements, the business, pleasures, the picnics, the celebrations, in fact everything should be looked on by our own people as just as good as can be gotten up elsewhere. The town that says "we can't" will always succeed. The town that says, "oh, I don't know, I don't think it will amount to much," is never of much force. If you have no local pride, borrow some.

## Champion Puglist to Appear in New Role

Would it not be well for parents who have children attending school in the town to take interest enough in the schools and their children to visit the schools at least once a time during the term. We hear parents complaining of the schools, who have no more knowledge of how they are being conducted than a recent of China has. We do know that strangers who have visited our schools have given away and said that we have the best schools of any town in the country. What about the people of a town feel hang good schools? What

The Bunker's Association has also suggested it,

# HIGHLAND PARK ADDITION

Bartlesville, - - Oklahoma.

**ONLY \$200.00 - \$20. Cash, and  
10. Per Month  
Per PAIR While They Last.**

Size:--Single Lot, 25x140 feet. Pair, 50x140 feet.

Miss Carol Tye, of Bartlesville, representing the DeBell Company is now at the Hotel Jones where she can be seen for a few days only, she has a few pairs of these beautiful lots for sale at the above price to those who wish to avail themselves of this most liberal offer.

**Every Lot Guaranteed to Lay High and Dry.**

## 10 Strong Points to Consider 10

**FIRST:**—Highland Park's location is the highest point, having an elegant view of two cities, and overlooking the entire surrounding community.

**SECOND:**—Highland Park has good car service, electric light, and natural gas through the entire addition for heating and lighting purposes.

**THIRD:**—Highland Park has a new two-story brick school building, just completed at a cost of \$7,500.00. This Land Company donated the site which was valued at \$1,500.00.

**FOURTH:**—Highland Park will have a \$1,500,000.00 cement plant in operation in the near future that will employ 300 men. A great many of whom will build homes in this locality. Local and eastern capitalists have bought a site of 270 acres within six blocks of Highland Park to locate this huge manufacturing plant.

**FIFTH:**—Highland Park, unlike most additions offered for sale to the public, is more than a possibility; it is a reality. It is not all prospective. Development is going on now, many homes are being built and a number of people are moving in.

**SIXTH:**—Highland Park is located in the only direction of the city where the public can buy high class property at a moderate price.

**SEVENTH:**—Highland Park is an addition to one of the fastest growing cities in the state of Oklahoma, and all additions to the growing cities have been highly successful investments.

**EIGHTH:**—Highland Park is an addition to the leading manufacturing city, and one among the most thrifty growing cities in Oklahoma.

**NINTH:**—Highland Park is a necessity, there being need of an addition moderately priced, as is this. The amount of desirable property in Bartlesville is very limited, having such a value that it is beyond the reach of a great many people.

**TENTH:**—Highland Park enjoys advantages right now which a great many similar properties most generally enjoy after several years of development. The advantages consist of public school, car service, electric light, natural gas, shade trees, side walks and rapid building and development.

## Just a Few Pairs of these Lots Left

You can not afford to allow this splendid opportunity to pass without availing yourself of a part in the many advantages that this opportunity affords. As to the reliability of the Company, we refer to any Banking establishment or business man in Bartlesville.

Do not wait,  
The time to buy is **NOW!**

NO INTEREST, NO TAXES, NO PAYMENTS DURING SICKNESS.

FREE DEED IN CASE OF DEATH.
